Dear Mr. Thompson:

In response to Resilient Floor Covering Institute's (RFCI) request on behalf of its member companies, the Office of Environmental Health Hazard Assessment (OEHHA) is issuing the following safe use determination for diisononyl phthalate (DINP) in vinyl flooring products, pursuant to our authority under Title 27 of the Cal. Code of Regs., section 25204(h)(1):

- OEHHA is issuing a safe use determination for DINP exposures to residents of homes and other facilities from vinyl flooring products containing 18.9% DINP by weight, or less.

Please find enclosed copies of our document supporting this determination and the notice, as it will appear on the OEHHA website at [www.oehha.ca.gov](http://www.oehha.ca.gov), and in the *California Regulatory Notice Register*, dated July 1, 2016. If you would like to discuss any issue concerning the safe use determination, please call Dr. Martha Sandy of my staff at (510) 622-3190.

Sincerely,

Allan Hirsch  
Chief Deputy Director
